CAN I FORGET THE PUMP PRICE AND CREDIT CHECKS WITH THE MAXX CONTROL FUEL CARD?

The Maxx Control Fuel Card allows you to pay one fixed price for diesel every week at every station included in the renowned Keyfuels network. It is ideal for new start-up businesses and people who have been refused credit by other fuel card suppliers, as there are no extensive credit checks that could end up hurting your score. We will carry out just a simple ID verification check, then issue the card and you start saving.
