

Shell GO+
Rewards

How Shell GO+ Rewards works

It's as easy as 1, 2, 3...

- 1** Customers can **join** by downloading the Shell App or registering at Shell.co.uk.
- 2** Once they've joined, members **scan** their Shell App, card or key fob to earn points when they purchase fuel and selected in-store products.* Members can now earn points when charging at Shell Recharge branded chargers at our forecourts and destination locations, including Waitrose, Aldi and Roadchef, when scanning their Shell App or charge card.
- 3** Members can **pay with their points** towards their fuel and shop purchases or they can exchange their points for rewards and partner e-gift cards to save money. They also have access to exclusive member benefits and partner offers.

When members scan they'll earn...

- 2 points** 2 points with every litre of Shell V-Power.
- 1 point** 1 point with every litre of regular Shell Fuel
- 1 point** 1 point per £1 spent on selected in store products
- 1 point** 1 point for every kWh charged at Shell Recharge branded chargers

How much are points worth to members?

200 Points = £1

500 Points = £2.50

1,000 Points = £5

*Terms and Conditions apply, visit www.shell.co.uk/shellgoplus. Participating Shell service stations and Shell Recharge branded points only.
